I Desmond Gayle, will Continue to challenge the Defendant Motion in Court, because of many Reasons, that falls under the LAW, of the Court.

I WILL STATE these Reasons
in Court on December 15, 2000

"
Plaintiff Develops Sickness
While in Solitary Confinement"

① → About the (19th of April, year 2000) I Develops a Constipation in my Intesting And Reported it to the Nurse, But didn't do anything about it, nor Call me up to her Department for treatment.

The Female Nurse laugh at me, but the male Nurse told me, to fill out a Medical FORM, and send it up to the Medical Department, at the same time he urged the Female Nurse, Not to Laugh at the situation.

③ → AS the Clock race to midnight,
my Sickness gotten Worst.

suffering from severe, AND EXTREME
PAIN, in my STOMACH.

When the Guard on duty saw me,
he open the Cell door, after Contacted

At the Medical Department"

At About 2:00 AM in the morning, on Friday

Department, And explained my illness
to the NURSES Working that shift.
Both Nurses told me, they do not have
any Medication to give me, And there
is Nothing they Could do for me.
I WAS shock, when they told me
such News. I didn't believed them,

Conflict with both of them, on
about September, 4th, 1999,

When I Was in the Infirmary.

These Two Nurses; Refused me
Medical Treatment, that early
Morning, because they have been
Carrying Personal Grievances
Against me.

⑤ → When the Nurses learned that
the Foodloaf gotten me sick,
they Refused to Agree on the
MALFORMATION of the Foodloaf.

At the Peroration of their
denial ARGUMENTS, the two
Malignant and Malevolent Nurses,
Told the Correctional Officer to
take me back to Solitary -
Confinement.

⑥ → I Almost died that morning from
A Serious sickness cause by the
Foodloaf being served, three times
per day, for BREAKFAST, LUNCH AND
DINNER, AND Nothing to drink.

Most People system Connot handle
such treatment they will + die to it.

Perilous Policy of The WARDEN

⑦ → The Nurses told me that night During their ~~Agree~~ ARGUMENTS, that they cannot change my diet to Regular Food, because this is a MANDATE, from the WARDEN. In the Confinement area the Memorandum stated that the Foodloaf Policy, came directly From "WARDEN HOGAN", it was signed With his signature.
